Chantell Matthews
Senior, Cass High FFA

I am a member of the Cass High School FFA Show Team and have been showing cattle since my 11th grade year. I started showing a Simmental steer named "Cosmo". Most of you probably know the story of Cosmo. This past state show a few hours before the steer show, my poor Cosmo died at my feet. This was the hardest thing I had ever been through. I had already been given the talk and knew what was going to happen to him after the show. That was just a fact of life. But it wasn't the fact that he died that I was so devastated about, it was the fact that he went down right in front of me at my feet. But I had to overcome that because I wasn't going to let that make me miss out on something I love so much. I regret that I didn't start showing when I was younger, because I have grown so much as a FFA member and as a person in general. I have been an active FFA member for 3 years. And I am currently serving as the Cass High FFA President. This year I am showing two heifers, a % Simmental and a Chi-influence, and my Shorthorn Steer. FFA is, and always will be, a big part of my life. I'm sure the state show in February is going to be a bittersweet moment for me. Though I know I will miss showing tremendously, I look forward to seeing what the future holds for me. And once I graduate I know going from a Cass High FFA member to Cass High Alumni will be bittersweet as well.

Showing cattle and being on the Cass High Show Team has taught me many things that I will continue to use for the rest of my life. One thing it has taught me is that I can not do every thing on my own. I use to be a

very independent little girl but I have learned that it is okay to ask for help when I need it. Several people have helped me get to where I am today, and I can honestly say I would not be the showman or even the person that I am today if it weren't for them. First off, my parents, Ricky and Lisa Matthews, have been a very positive influence on me from the time that I first told them I wanted to show. They have been there for me at every show and support me 100% in everything I do. Next is Ms. Connie Collier, my past FFA Advisor. If it weren't for her I wouldn't even be showing today.

Ms. Collier is the type of person who puts others before herself. I know that she will do anything and everything she can to help me succeed in showing and in all aspects of my life. Mr. Joey Dean, my current FFA Advisor, so far this year he has helped and supported me as well as our FFA as a whole. Even though this is his first year as our FFA Advisor he is doing a terrific job as the Ag. Teacher at Cass. And I couldn't have asked for a better person to take Ms. Collier's position. And last but not least, I would like to say a huge thank you to Jonathan White. Jonathan has basically taught me everything I know about showing. He has been there for me helping me in the barn when I know he probably had more important things to do. But no, he has always been right there by my side. Encouraging and supporting me every step of the way. Jonathan's positive attitude is what gives me the courage I need to get out in the show ring and show the way I've been taught to show.

Another thing showing has taught me is responsibility. When I started showing cattle I thought it would be fun and easy. The fun part I had correct, but I definitely wouldn't say it has been easy. Washing calves in the freezing cold, feeling like your hands are going to fall off any second. Carrying 50 pounds bags of feed to the barn every day, though I must say I have gotten much stronger! This is all part of showing cattle. Have you ever heard the expression, "Hard works pays off?" Showing cattle you find that saying to be 100.00% true. Knowing that all the hours I put into rinsing, washing, blowing, clipping and feeding calves will finally pay off when I'm standing under that show sign holding a blue ribbon in my hand with my steer "Romeo". Trust me it pays off.
