

Georgia Club Calf Producers Association
Point System
2011-2012 Show Season

1. Exhibitors may earn points only with 2011-2012 GCCPA tagged steers and heifers. (Those calves bred by GCCPA members.) Cattle must have the official GCCPA ear tag in their ear when shown.
2. Exhibitors may earn points at any show, regardless of the location (including out of state shows) or size of the show. However, for points to be counted the show must be certified and results from that show submitted to GCCPA.
3. Out-of-state exhibitors exhibiting GCCPA tagged cattle are eligible for all award programs. Graduated seniors may earn points through December of the year of their graduation. All exhibitors must be legitimate 4-H or FFA members.
4. Points may be earned for heifers on Class Placing, Grand or Reserve Champions, Division Champions or Reserves and Supreme or Reserve Supreme Champions. Points may be earned for steers on Class Placing, Grand or Reserve Champions, Division Champions or Reserves, Breed Champions and Supreme or Reserve Supreme Champions.
5. Points **cannot** be counted from Open Shows.
6. Points can be counted from a Bred and Owned Show if it is a separate show where cattle exhibited cannot be shown in any other portion of a show. (Example: Bred and Owned Shows at Nationally Sanctioned Breed Shows where there is a separate show category.) Bred and Owned Classes **cannot** be counted if the cattle are shown in other placing classes within the same show. (Example: Bred and Owned Classes at the South Carolina Beef Round-up where the classes are added as an additional part of the show for cattle already being exhibited in other placing classes.)
7. Points **cannot** be counted from Homegrown Classes where cattle have already been exhibited in other placing classes within the same show.
8. **Exhibitors must report each animal on a separate point sheet. Points may be earned on a maximum of eight (8) shows.**
9. Exhibitors are encouraged to report each GCCPA tagged animal exhibited during the year to promote the GCCPA breeders. The following awards are given to GCCPA members:
 - a. Premier Breeder Award: the producer with the most total points on all calves

- b. Platinum Breeder Award: the producer with the most total points entering with seven (7) calves or less
 - c. Golden Banner Award: the producer who does not have the highest total points but has an outstanding achievement for the show year (this award may not be given every year because it is at the discretion of the board)
10. Only two point sheets may be submitted for steers and three points sheets may be submitted for heifers per exhibitor.
 11. No points are earned for Showmanship.
 12. There will be four divisions. 1) Steers, 2) Commercial Heifers, 3) Registered British Breeds (Hereford, Angus, Red Angus, Shorthorn, etc.) and 4) Registered Other Breeds (Simmental, Limousin, Charolais, Gelbvieh, Maine, Chi-Influence, etc.)
 13. Exhibitors will be responsible for keeping up with their own points throughout the year. (May 1, 2011 through April 30, 2012.)
 14. Awards will be presented at the Georgia Junior Beef Futurity in Perry, Ga.
 15. **Any misrepresentation of the points earned on an official point sheet will result in disqualification of that exhibitor in all GCCPA award programs in the current show season. GCCPA reserves the right to double check points and correct sheets when appropriate.**
 16. Point sheets must be completed in full. Those sheets submitted with missing information (GCCPA tag numbers, breeders, jacket size, etc.) will not be accepted and will be returned to the exhibitor.
 17. Completed Point Sheets must be postmarked by May 1, 2012 and mailed to:
